Fee Cap²

Notes

1 Delivery fees are charged per bargain.

2 For trades with multiple legs, each leg is charged separately, up to a fee cap (i.e. For these purposes, each leg is treated as a separate transaction)

3 Recognised Strategy Trades in UK Stock Option contracts will be charged 1.5 times the maximum per lot leg rate. In circumstances where the Strategy fee discount results in a higher fee than the total per leg fee, the lower of the two fees will be charged.

4 Trading and Clearing fees do not apply to the stock leg of a stock contingent trade, only Delivery fees per bargain apply.
